## EVENSONGS IN RESIDENCE

Wells Cathedral, UK  
July 29-August 4, 2024

Evensong is a traditionally Anglican service of beauty and contemplation. Begun by Bishop Thomas Cranmer in the time of King Henry VIII it combined the evening services of Vespers and Compline into one act of worship: Evensong. The choir sings on behalf of the congregation, who pray by actively listening. A musical setting of prayers (*Preces and Responses*) is always sung, as well as a setting of the evening canticles; the *Magnificat* (Mary's song), and *Nunc Dimittis* (Simeon's Song). There is also an anthem, an Anglican chant psalm and a hymn or two.

Our Evensongs this year prepare us for the week of services we will sing in England. They will be sung by members of our adult choirs, Harmonium singers joining us for the trip, and our older trebles. Evensong is usually only about 45-minutes and is also usually followed by wine and cheese! Please join us as much as you can!
